The White Stallion Ranch sits on 3,000 acres of beautiful, pristine Sonoran desert. The southern boundary adjoins the Saguaro National Park West, renowned for its majestic saguaro cacti. This unique surrounding landscape provides a utopia for scenic horseback rides and more adventurous fast rides through the lower desert flat lands. The varied riding program includes walk rides, lope rides, breakfast rides, all day rides and team cattle penning (a horse and cattle game done in the arena). Saturdays typically offer an exhibition rodeo with steer wrestling, team roping, barrel racing, etc.

The ranch offers comfortable accommodations ranging from attractive single rooms to suites with whirlpool bath and fireplaces. The Spanish style architecture compliments the surrounding terrain and all 41 rooms have a southwest motif. Other amenities include a heated pool, tennis courts, shuffleboard and a recreation room. Aside from the horseback riding, there are several guided hikes each week and a variety of evening programs. The newest addition to the ranch is a 2600 sq. ft. meeting facility with a genuine 1800's western ambiance and 21st century communication systems.

The meals are a highlight of the day, starting with a cooked to order ranch style breakfast. Lunch is generally served buffet style with a main entrée and an array of salads plus a sand-

wich bar. The dinners are too varied to name but a few of the favorites are all-you-can-eat ribs and chicken, a Mexican feast or a delicious steak grilled over a mesquite fire. Special dietary needs can be accommodated.

The True family has owned and operated the ranch since 1965. White Stallion Ranch has gained a reputation for providing the highest quality of customer service and for creating truly memorable holiday experiences. The family is dedicated to providing value, quality and above all, western authenticity.

If you are looking for a vacation that will truly rejuvenate your soul and alleviate your stress, a trip to the White Stallion Ranch is just what you are looking for. This is where all the traditions of an authentic dude ranch are blended with the qualities of a fine resort. Families, couples and singles are welcome. The ranch is also perfect for corporate functions as well as spiritual retreats and family reunions. Come experience the ambience of a genuine western welcome.
