

# Price Canyon Ranch—Douglas, Arizona

Imagine cool fresh mountain air, your best friend by your side—both of you riding fine ranch horses. **Now that's a ranch vacation.** Our ranch is located at 5,400 feet in a secluded majestic box canyon in the Chiricahua Mountains surrounded by the Coronado National Forest. With four moderate seasons the ranch is open year round. We ride in wide open spaces and mountain trails with loping rides in designated areas. We encourage you to ride side by side and not nose to tail.

We offer cattle drives and leisurely or challenging trail rides. All day rides with a lunch on the trail are available. After a full day of horseback riding settle down for a great night's sleep in the ranch style rooms with private bath, refrigerator and coffee pot. Meals are served family style with gourmet flavor. Nothing beats good old fashioned food. We serve juicy roast beef, wonderful mesquite grilled pork steak or ribs and although this is a cattle ranch we have several wonderful chicken dishes.

Come and “Ride with a Purpose”, at a real working ranch (no you don't have to work like a ranch hand). Each day offers a new adventure. So “Come as a guest and leave feeling like family”.
